Well, did you find it, Carol?

Now, boys, let's not be funny!

Come on, slow poke!

ARE YOU SATISFIED?

Grownups know that personal grooming is important if you want to "get ahead". Teenagers sometimes forget to look at themselves objectively.

So that boys and girls could see themselves as others see them, a full-length mirror was installed in the main corridor of a high school in Buffalo, N. Y.

Boys checked shirttails and trouser lengths—even started wearing coats and ties. Girls stopped to tuck in blouses or rearrange their hair. Renewed pride came to this school—all because of a mirror!

When *you* buy a mirror, be sure it's made of L·O·F *Parallel-O-Plate®* glass, *twin-ground* for truer reflections and more freedom from distortion. You'll find a wide selection at your furniture, glass or department store.

A mirror is a "must" at school . . . at home . . . anywhere. Always check your appearance before going out. It's a good habit to form and others will notice.

SNAP COURSE IN *ECONOMICS*

No textbooks. No classes. Just plain economic facts. Practically everything you buy costs more than it used to. Everything *except electricity*. In fact, a dime buys about twice as much electricity as it did a generation ago. You really get your money's worth when you spend it for electricity.
